ENABLING ACHIEVEMENT

Profile

As a member of YPO Danube (Austria) since 2007, I joined my first Forum in 2008. I participated in 3 Forums in Austria and Malaysia and have been moderating them for multiple terms. Multiple Officer Roles, Chapter Chair 2019-2022, Game Plan Coach. Professionally, like all YPOers, I became a business leader at quite a young age (34), when I took the position as Managing Regional Director with a leading global MedTech company, responsible for 8 countries and 2500 employees, based in Vienna, Austria. I know the feeling of "being lonely at the top" and am extremely grateful for the friendship and guidance I could tap from all my Forum brothers and sisters during those years. As a CFF and Coach I share my expertise in lifting potential and enabling achievement for Forum and high performance teams.

"Manfred engaged us with different activities for all senses: listening, writing, breathing and having good tools to go deep - many different elements were used that can help in forum and in life. A very positive and uplifting Forum experience!"

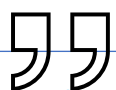

Waldemar Moss, Oct 2023, YPO Regional Chair Europe

"Manfred has brought our Forum to the next deeper level in an empathetic and surprising way. This applies to both the Forum and the individual relationships among each other."

YPO Rhine Chapter Member, June 2023

"Manfred is a fantastic facilitator who we had the pleasure of working with at our most recent YPO Forum retreat. His subject knowledge, energy and conversational style ensured that there were interesting debates and a collective learning process. He managed the room incredibly well, listened and challenged where needed. He also encouraged a diverse group of perspectives from the group which allowed for a greater, broader learning experience for all. I would thoroughly recommend Manfred if you are considering a professional meeting facilitator. " - James Lipscombe, YPO UK
